

***Science and Engineering Council of Santa Barbara:
January Luncheon***

Elephant Bar Restaurant, Thursday January 10, 2008, 12:00-1:30

----- *THIS MONTH'S TOPIC* -----

**3D HD micro surgery –
TrueVision is coming to an Operating Room near you
Burton Tripathi, PhD**

The high-definition picture on your TV combined with 3D digital imaging is revolutionizing microsurgery. Our speaker will show how the TrueVision system is improving surgical precision, enabling new digital applications, and working toward better patient outcomes. The system is changing the face of neurosurgery, ophthalmology, and other microsurgical disciplines. Come watch this interesting demonstration. (3D glasses provided.)

----- *PRESENTER* -----

**Burton Tripathi, PhD, Director of Technical Product Marketing
TrueVision Systems, Inc.**

Dr. Burton Tripathi manages all aspects of Product Development and Product Management. Prior to TrueVision, Dr. Tripathi has been a manager for the Lap-Band business at Allergan (previously Inamed), Superconductor Technologies, and Computer Motion. Dr. Tripathi received his Ph.D. from the California Institute of Technology in Mechanical Engineering/Material Science and his B.S. in Mechanical Engineering from Cornell University.
